Mission Statement

Tasty Chips Mission is to always provide our customers with a product that is of a premium quality at a competitive price while maintaining the highest level of customer satisfaction.

Product Shelf Life

Tasty Chips products have been processed and prepared using an approved AQIS vegetable sanitiser so that the maximum shelf life can be accomplished. After extensive and continual microbiological testing, all the products have a shelf life of 5 to 7 days. Adhering to careful handling and storage procedures, i.e. temperature between 0-4 Degrees Celsius, the product will remain a premium quality for this period of time.

Ordering System

Customers can place their orders with Tasty Chips over the [phone](#) with one of our friendly office staff, [fax](#) or via our [online ordering system](#). Orders can be placed up to 3 pm the day before the order is required for either delivery or pick up. If special cut vegetables for example diced Beetroot or chopped Thai Basil is required it is recommended that the order be placed at least 24 hours prior to delivery so that the product can be sourced and then prepared.
